In the old days, people still sought Grandma.

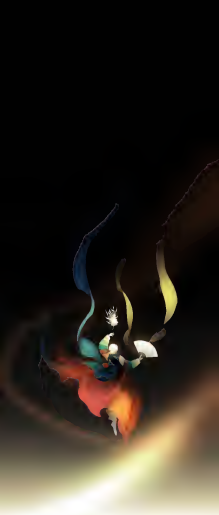
In front of Grandma, they would all beg, and cry.

And get angry, and tremble in fear.

Whenever this happened, Grandma would say,

And then she would dance.

She would say she was dancing for the people.



Grandma was a shaman priestess.

Step..

The world looks different.

Why did I suddenly.....

start being able to see these things?

.....

It seems like sometimes I see them and sometimes I don't.

My eyes are tired....

That girl from before... I really did see her.

No, I saw her very clearly.

The image of her grabbing my shoulder is fresh in my mind..

Her burned, melted face...

And that arson case today, the three female victims..

Then,

Did one of the victims become a ghost..?

Ah~~~ Why am I thinking like this all of a sudden?

Am I really just seeing things? Should I go to a psychiatrist?
